

OFFICIALS AIT REPLY FROM MEXICO

is Reported to
Sick in Peni-
tentiary.

ATION IS ERY SERIOUS

INGTON, Nov. 24.—As no word today from the sharp note from the department demanding immediate release of William H. American consul in Puebla. All day officials or note they thought handed them by the embassy in view of a long delay night that a long delay relating to the Jenkins reached the embassy in Mexico City.

There was no reply and not intimation that the Mexican government had prepared its answer. So far as the state department is concerned, Jenkins still sick and in the penitentiary on charges that he conspired with rebel bandits to kidnap him and to pay a ransom of approximately \$150,000.

The department was in communication today with the American embassy in Mexico and was advised that the consul had discussed the matter with the governor of the state of Chihuahua. President Carranza has returned to Mexico from Queretaro reports to the officials have caused to be circulated that the government was amply justified in Jenkins. No report has been made to this government or representatives however, as to the nature of the evidence on which the American consul was locked up a second time.

Mexican Paper Comment
El Paso, Texas, Nov. 24.—El Paso, a Mexican City newspaper declares in its issue of last day that it "understands the government will answer on the note from the white house regarding the kidnapping of American Jenkins. The paper also interviews with Hilario Carranza, sub-secretary of foreign affairs in the Carranza government. That official expresses opinion that the government will await disposition of the case in Mexican courts before making final action.

Mr. Medina declared the note had been received at the office until 11 o'clock Friday. Since then, the cabinet deliberated the matter. Newspaper gave no further information of the probable time when the note would be forwarded.

OD LAND DEED TO RESERVOIR PURPOSES

Placed on Record Monday
Transfer of 70 Acres
Mary E. Wood Estate Land
Trustee of Water Supply
Acquired.

Deed was placed on record today showing that a tract of approximately 70 acres of land lying to the estate of the late E. Wood has been transferred to the trustee of the water fund. Prior to the death of Wood had been entered into an agreement with the former Mayor acting for the city, that would lease this 70 acres of land to the city for reservoir purposes for a period of twenty years, the city to have the option of purchasing the land at \$250 per acre.

Recently the arrangements were completed with Stewart E. Pierces, trustee of Mrs. Wood's estate, for the transfer of the land, according with the original agreement \$10,000 out of the purchase price of \$16,450 is taken in subscription to the water fund, and certificate to that effect was issued yesterday.

RAIL ADMINISTRATION AND MAINTENANCE EMPLOYEES AGREE

8 Hours Basic Day Estab-
lished and Time and
Half for Overtime.

WASHINGTON, Nov. 24.—A new wage and working agreement was signed today between the railroad administration and officials of the Brotherhood of Maintenance of Way Employees and Shop Laborers. While demands of the union were not fully met, the eight hour basic day was established for track laborers and others of that classification and time and half pay after that hour was provided. Most of the employees included under the agreement will receive time and a half overtime pay after ten hours.

Approximately 400,000 men are affected by the new agreement, railroad administration officials estimated. The contract also provides that it shall be applicable during the period of federal control of the roads unless notice of thirty days is given of its cancellation.

"Specifically," an announcement by Mr. Hines says, "the new contract provides overtime for regular section laborers and other employees in this classification except laborers whose employment is seasonal and temporary in character and certain employees whose positions do not require continuous service exclusive of the meal period, thus applying the same principle which was established last year for important classes of railroad workers.

Heretofore such maintenance employees have been paid overtime at pro rata rates for the ninth and tenth hour and time and one half after the tenth hour. Under the agreement laborers in extra or floating gangs whose employment is seasonal or temporary in character, will be paid overtime at a pro rata rate for the ninth and tenth hour and time and one half after the tenth hour, whereas employees holding positions not requiring continuous labor such as track, bridge, and highway crossing watchmen, signal men at isolated points and pumpers will continue to be paid for their present hours of work a monthly rate equal to their present pay."

STAGE SET FOR HIGH SCHOOL CARNIVAL

Big Event Will Take Place at
David Prince Building Tomorrow
Night—Fast Game Promised
Fans for Turkey Day.

There will be a home coming carnival given by the Jacksonville high school in the David Prince school Wednesday evening at 7 p. m.

The students are taking a very interesting part in the carnival. The most conspicuous activity displayed has been the making of advertising posters by the art class of the school. The posters are hand painted and very handsome indeed.

There will be booths and other attractions at the affair, but the feature event of the evening will be a variety show in which the pupils will take part.

An admission fee of 25 cents will be charged.

At 2:30 o'clock Thanksgiving afternoon Jacksonville high will meet the Bloomington football squad on an interesting game is expected in which Jacksonville is expected to be the winners. This is a home-coming game and all the alumni and public are invited to attend.

The admission fee will be 50 cents.

COAL OPERATORS PROFITS IN 1917 WERE ENORMOUS

Ran as High as 2,000
per Cent Declares
Wm. G. McAdoo.

THINKS 31% INCREASE FAIR

NEW YORK, Nov. 24.—Soft coal mine owners made "shocking and indefensible" profits in 1917 and there is "grave doubt" that they are entitled to increased prices because of the proposed 31 per cent increase in miners' wages.

William G. McAdoo former secretary of the treasury declared today in a telegram to Federal Fuel Administrator Garfield. The owners' profits as shown by their income tax returns examined by him as secretary of the treasury in 1918, he said showed earnings on capital stock ranging from 15 to 2,000 per cent.

"I am convinced that the wage increases proposed for the mine workers are just and reasonable," he added.

"Before deduction of excess profits taxes—which were less in 1917 than now—these income tax returns showed that earnings of 100 to 200 per cent on capital stock were not uncommon," Mr. McAdoo's telegram asserted.

Referring to the bituminous coal miner owners' income tax returns for 1918, which he said he had not seen, the telegram said:

"If they disclose any such profits as earned by the bituminous coal operators in 1917, it would be a grave wrong to permit the operators to take from the public additional profits in the form of increased prices for bituminous coal."

Mr. McAdoo urged that no increase in prices of coal to consumers be allowed and that the income tax returns of the soft coal mine owners be made public.

Union Chief Comments.
Indianapolis, Ind., Nov. 24.—The statement of W. G. McAdoo, former secretary of the treasury that coal operators made as high as 2,000 per cent on their capital in 1917 "must be an interesting revelation to those persons who have been wondering about the present coal price situation," said Ellis Searles, editor of the United Mine Workers Journal, tonight.

Mr. Searles, in commenting on the telegram sent by Mr. McAdoo to Federal Fuel Administrator Garfield, made the following statement:

"The statement of W. G. McAdoo, former secretary of the treasury that coal operators' made shocking and indefensible profits in 1917, must be an interesting revelation to those persons who have been wondering about the present coal price situation. Evidently McAdoo knows what he is talking about, for he had access to the income tax returns made by coal operators. He says operators made as much as 2,000 per cent on their capital stock in 1917. Even since the wage controversy started between the operators and the miners, the miners have insisted that the operators could grant a substantial increase to the miners out of their profits without increasing the price of coal to the consumer. We have also said that the operators have been making more money during the last two or three years than they ever made before in their lives, while the miners continued to work for less than living wages. And now McAdoo makes the showing even stronger than the miners ever did. The trouble with the operators all along has been that they did not propose to do anything that would cut into their enormous profits."

BILL CARLISLE REPORTED IN EAST

Buffalo, N. Y., Nov. 24.—Bill Carlisle, escaped convict bandit, is headed east, according to a dispatch to the Evening News from Erie, Pa., where he is said to have been last night.

Carlisle, following his usual spectacular methods by calling at a newspaper office and leaving a message announcing his arrival. The note read:

"To some editor—just dropped in for something to eat. How is the search coming? I've got them hunting this time. Wishing myself lots of luck."

**"BILL CARLISLE,
FORMER CONVICT NUMBER 2885."**
Captain Wolf in charge of the New York Central railroad detective force took no chances that the note might be a hoax and immediately notified detectives all along the line to be on the alert.

WELL KNOWN RAILROAD MAN DEAD

Chicago, Nov. 24.—Frank B. Montgomery, traffic manager of the International Harvester Co., and a conspicuous figure in American railroad circles died today after a brief illness.

SKIPPER OF WRECKED STEAMER MYRON IS PICKED UP EXHAUSTED

Had Floated 24 Hours on
Top of Pilot House of
Wrecked Vessel.

PORT ARTHUR, Ontario, Nov. 24.—After floating for twenty hours on top of the pilot house of the Steamer Myron, which foundered off White Fish Point, Captain W. R. Neal, commander of the lost vessel was rescued in an exhausted condition by the Steamer W. C. Franz, which arrived here today. Captain Neal, who is in a serious condition from exposure, declared that another steamer named the Intosh had passed close to him before the Franz appeared and had refused to pick him up, replying to his appeal for help with a promise to send a tug.

Captain Neal could give no information as to the fate of the members of his crew.

Search for Other Survivors.
Search of the waters about the Parisian Islands was undertaken today by United States Submarine Chaser 438 and the Tug Iowa, in the hope of locating other survivors of the crew. Several steamers which passed thru the wreckage yesterday reported sighting members of the crew clinging to cabin and other floats but no report was received of the rescue of any of the survivors.

News from Fort William, Ontario, by way of Duluth that Captain Walter R. Neal of the Myron had been picked up by the Steamer Franz and taken to that port, aroused new hopes for the safety of others of the crew of seventeen.

Coast guards patrolled both sides of the point today and wreckage and lumber cargoes of the Myron and Intosh, which bodies would wash ashore unless lashed to wreckage as the cold lake waters prevent forming of gases and it is exclaimed bodies seldom rise to the surface. It is traditional that "Lake Superior seldom gives up its dead."

The Steamer Argus picked up the Barge Mitze yesterday afternoon and towed her under Crisp Point. Her steering gear was smashed by the storm and her rudder was gone. All the crew are safe. The Tug was left here this forenoon to bring the Mitze to the Soo.

BLAME STRIKE FOR CRIME WAVE WHICH IS SWEEPING CHICAGO

40 Holdups, 28 Auto Thefts,
Three Pistol Battles Re-
ported in Last 48 Hours

CHICAGO, Nov. 24.—That the strike of the soft coal miners was largely responsible for the crime wave which swept Chicago the past forty-eight hours was a declaration made by Chief of Police Garrity tonight. The coal operators' plan put in effect by the city lighting plant, of cutting off the street arc lights was the invitation for the thugs to begin operations said Chief Garrity.

Forty holdups, twenty eight automobile thefts, three pistol battles were reported to the police. Although there were one hundred and thirty-two arrests during the same period, including eight men, said to be involved in six recent murders and many more holdups, the criminals continued to operate.

The Commonwealth Edison Co. tonight announced that Chicago streets will not be allowed to go dark as a result of the fuel famine.

In the arrest today of sixteen Italians the police claim that they have cleared up four murders and one hundred and fifty robberies. In addition to the four murders for which at least eight of them are held accountable the police believe them responsible for three other deaths.

The Italians are said to have admitted that they have operated in Chicago for the past three years. Among the murders confessed by the gang is said to have been that of a chauffeur, who was shot fourteen times in the body and head and his corpse then thrown into the drainage canal at Lockport some time ago.

The men arrested are Samuel Cardinella, 36 years old; Frank Campanini, 23; Tony Errico, 19; Nick Vianna, 17; Leonard Crapo, 18; Joseph Doris, 19; Benjamin Tortorisi, 20, and Tony Sansoni, 18.

THREE-EYE LEAGUE WILL EXPAND

Chicago, Nov. 24.—The Three-Eye League, which operated as a six club organization last season will be expanded to eight clubs for the 1920 season, President Kearney announced tonight.

The meeting to re-organize will be held in Chicago next month. Waterloo and Cedar Rapids, Iowa, Springfield, Quincy and Danville, Illinois and Hannibal, Mo., are among the cities seeking a franchise in the league.

SIX I. W. W. JAILED

Denver, Colo., Nov. 24.—Six alleged members of the Industrial Workers of the World were lodged in the city jail here tonight following a small riot and raid on local headquarters of the organization.

MANY INDUSTRIAL PLANTS IN MID-WEST ON VERGE OF CLOSING

Production of Coal in Bitu-
minous Region Shows
Further Decrease.

CHICAGO, Nov. 24.—With many industrial plants in the mid-west on the verge of being added to the list of concerns forced to close thru lack of coal, production of fuel in the bituminous region today showed a decrease in comparison with Saturday. Reports from district No. 17, United Mine Workers in West Virginia, showed a drop of more than five per cent in production. Several large mines did not open due to the refusal of the miners to return to work. The miners in the Sheridan, Wyoming, district held meetings tonight and voted to return to work Tuesday morning thus ending the one day strike.

And in Oklahoma, Governor J. B. A. Robertson announced that operation of the coal mines on the state prison farm at McAlester, recently discontinued, would be resumed Tuesday or Wednesday.

In Iowa, where Governor Davis called out five companies of state troops, when radical miners started firing on miners returning to work, quiet prevailed.

Colonel E. A. Helmick, chief of staff of the central department of the army announced that request had been received from Governor Allen of Kansas that troops be held ready to rush to the coal fields in that state. No official notice of impending trouble among miners in the Virginia-Kentucky border was received by Governor James D. Black of Kentucky.

Operators of the southwest will refuse Secretary Wilson's compromise proposal of 31.61 per cent wage advance for the miners, said Harry N. Taylor, president of the national coal association.

In southeastern Kentucky the operators posted notices offering strikers' miners wage increases amounting to thirty per cent for day labor and from 12 to 15 per cent for loading. This was the only move reported yesterday where operators offered miners wage increases.

MURDER CASE WAS DISMISSED YESTERDAY

Case Against Howard Finley,
Charged With Murder of Os-
wald Jenkins, Dismissed in Cir-
cuit Court—Other Court Or-
ders Made.

In the circuit court yesterday State's Attorney Robinson dismissed the case against Howard Finley, who is charged with the killing of Oswald Jenkins. This order was approved by Judge Smith. At a previous trial the jury could not agree being hopelessly divided. The evidence against the defendant was not of a strong kind and the state's attorney laid all the facts before the court in suggesting the order dismissing the case.

James Newbern who entered a plea of guilty to the charge of burglary and larceny last week, was ordered committed to the penitentiary at Chester. Yesterday he filed a petition asking that the order of commitment be set aside and that he be admitted to parole.

Austin Carter Jr., entered a plea of guilty to the charge of petty larceny. He was sentenced by the court to spend 20 days in jail and pay a fine of \$20 and costs. The defendant was accused of stealing some clothing from students of Illinois college.

The assumption suit of James W. Finch vs. John F. Burnham et al. was tried by court without a jury by consent. The decision of Judge Smith was in favor of the plaintiff and he fixed the amount of damages at \$530. This was a case involving a commission on a sale of property.

Chancery

In the suit of Mary E. Jeffers vs. John Jeffers, for separate maintenance, an order was entered against the defendant as to why he should not be cited for contempt of court for failure to comply with the order of March 15, which instructed him to pay \$3 a week to his wife.

In the partition suit of Carrie Wahrenbrock et al. vs. Edward German et al., the master's report was approved and decree entered for partition and the appointment of commissioners.

In the partition proceedings of Lillian B. Moody vs. William R. Moody et al., leave was given the complainant to amend petition.

In the partition proceedings of John Flynn vs. Ellen Wyatt et al., the report of commissioners was approved and a decree of sale entered.

In the bill brought by Maurice R. Obermeyer et al. vs. Clifford R. Obermeyer et al., the report of commissioners was approved and decree for partition and for sale entered.

In the divorce proceedings of Bert Moore vs. Mary L. Moore a decree for divorce was granted.

The hearing began in the divorce case of Gertrude Patterson vs. James E. Patterson, but the court has not yet made a finding.

HOMEMADE WHISKEY CAUSES TWO DEATHS

Chicago, Nov. 24.—Whiskey made at home from wood alcohol is believed to have caused the deaths today of Fred Forest, 59 years old and his son, William, 28 years old.

SETTLEMENT OF STRIKE AWAITS CABINET MEETING

Definite Decision of
Policy Will Be An-
nounced Today

GARFIELD SPEAKS TO COMMITTEES

WASHINGTON, Nov. 24.—Settlement of the controversy over a new wage agreement in the bituminous coal industry tonight awaited action by President Wilson's cabinet.

Fuel Administrator Garfield, speaking to the joint wage scale committees of operators and miners announced five principles which have "governed" him and his associates, but different interpretations were placed upon its various provisions by the workers and the mine owners in informal discussions after the meeting.

Dr. Garfield called the miners and operators together after a lengthy conference with Attorney General Palmer, Director General Hines and Assistant Attorney General Ames.

At the meeting of the cabinet tomorrow a definite decision of policy regarding all phases of the strike situation is expected and if the cabinet is in disagreement, the whole question may be put before the president.

Owing to the disagreement which had arisen as to the amount of the increase in the cost of living and consequently the per day labor and from 12 to 15 per cent for loading. This was the only move reported yesterday where operators offered miners wage increases.

It is also to be considered that the cost of living will fall rather than rise during the next few years, he added.

Operators construed this statement as in conflict with the contention of Secretary Wilson that the miners should be given a 31 per cent wage advance to equalize the margin between present wages and a 79 per cent rise in living cost since 1916.

Pointing out that wartime coal prices were fixed for the purpose of stimulating production, Dr. Garfield declared that the public would not now pay the increase of normal profits allowed during the war. His further statement that any wage increase should be "borne by the operators or the public or both."

It is taken to mean that part of the advance must come out of the excess profits of the mining companies.

The five principles announced by Dr. Garfield were:

"First—The public must not be asked to pay more than it is now paying for coal unless it is necessary to do so in order to provide reasonable wages to the mine workers and a reasonable profit to the operators.

"Second—The arrangement entered into between the operators, the mine workers and the fuel administration with the sanction of the profit of the United States in October, 1917, was intended to equalize the wages of all classes of mine workers and to be sufficient to cover the period of the war, but not beyond March 31, 1920; hence the only increase in cost of living which can now be considered is the increase above that provided for by the average increase in 1917, that is to say the average total increase in pay over the 1913 basis, which was the base considered in 1917, should not exceed the present average increase in the cost of living over the same base. It is also to be considered that the cost of living will fall rather than rise during the next few years.

"Third—The maximum prices fixed by the government on coal were calculated to increase production of coal for war purposes. Coal was basic and the increase imperative. The public ought not to be asked to pay and will not now pay the increase over normal profits then allowed for the purpose of stimulating production.

"Fourth—Any increase in wages now arrived at on the basis of the foregoing principles should be borne by the operators or the public or both as may be determined by the application of these principles and should take effect as of the date when the men return to work.

"Fifth—The needs of the United States are not alone to be considered; Europe is in desperate need of coal and think should have all that we can spare."

RADICALS, HELD ON DEPORTATION CHARGES, GO OUT ON STRIKE

Protest Against Iron Barrier
When They Have
Visitors.

NEW YORK, Nov. 24.—Fifty nine radicals went on strike against attending their deportation hearings at Ellis Island today and forced the hearings to be suspended despite the presence of the house immigration committee which is investigating the whole deportation problem. They struck to have an iron barrier removed when they have visitors.

The committee advised Commissioner Byron H. Uhl to use force if necessary to compel the next man scheduled for hearing to attend, holding he had sufficient authority under the interpretation of the law by the United States supreme court.

The commissioner sent to the detention cage for Nicola Kurokata, who was arrested in a recent raid in Newark. There was no response from the cage, and nobody at the Island knew which one of the men in the pen was Kurokata.

The committee also ordered the men to play handball and mandolins and a few sang the "Internationale" while the inspector in charge of the law division of the immigration service, Augustus P. Shell, returned empty handed to report to Mr. Uhl and to the committee.

"Let's see who is running this island," said Representative Rakover, a member of the committee, and forthwith the sergeant-at-arms brought in the counsel for the radicals, Isaac Schorr. At the committee's request he told his clients the law required them to attend their hearings. All but seven of the sixty-six segregated radicals then reiterated their refusal to attend until the barrier was removed.

Mr. Uhl informed Schorr that the iron mess would remain in place and announced that the deportation hearings would be continued tomorrow. Just how he would solve the puzzle of identifying the radicals, he did not announce. Their counsel professed not to know all of his clients by sight.

J. W. ARNOLD BUYS THE TINDALL FARM

Well Known Farmer Adds Tract
to Other Valuable Holdings.

J. W. Arnold has purchased from Edmund and Gregg Tindall, administrators of the estate of Isaac Tindall, a tract of 458 acres located about 7 miles east of Jacksonville. This is the main part of the Tindall farm and is south of the Springfield road except for a very small acreage just east of Antioch church. It is an all tillable farm of high quality soil, and the purchase price is understood to have been \$300 per acre.

Mr. Arnold, who ranks as one of the most successful farmers and stockmen of Morgan county, already owned a large acreage east of Jacksonville and this acquisition makes him one of the largest land owners in the county.

CHARGED WITH BOMB THROWING

CHICAGO, Nov. 24.—Warrants for the arrest of Theodore Vind, president of the South Chicago Trades and Labor Assembly and six other officials affiliated with the organization were issued today by Judge Hugh R. Stewart. The warrants were sworn out on complaint of receivers of South Chicago on charges of bomb throwing in that district.

10,000 JEWS PARADE IN NEW YORK

NEW YORK, Nov. 24.—New York witnessed its greatest parade of any one people—more than 10,000 Jewish men and women marching to an age-old Hebrew dirge in protest against alleged massacres of their people in the Ukraine. The cortege continued uninterrupted during the entire afternoon.

Jewish fraternal, welfare, business and labor organizations marched in the column, draped with mourning, and banners telling of the sacrifices of Jews in the world's conflicts for Democracy and humanity were borne aloft thruout the long line.

DENY CANDY INDUSTRY CAUSE OF SUGAR SHORTAGE

Chicago, Nov. 24.—Candy manufacturers in convention here today denied that the candy industry was responsible for the sugar shortage. According to statistics introduced from government records at the session which was held by the society of manufacturing confectioners, the candy manufacturers use only eight per cent of the country's sugar production. The manufacturers were of the opinion even if they were to close their factories the amount of sugar saved would not relieve the shortage.

ROBBERS MAKE BIG HAUL

Chicago, Nov. 24.—While three robbers dynamited the safe of the Merry Garden ball room, 6040 Cottage Grove avenue early today, three confederates entertained the night watchman with an automobile ride. Thirty shots were exchanged with the police during a chase. More than \$3,000 was taken from the safe.

NEW POLITICAL PARTY LAUNCHED BY LABORING MEN

Organization Named
Labor Party of the
United States.

WOMEN ARE REPRESENTED

CHICAGO, Nov. 24.—Representatives of organized labor who have been in session here several days, naming a new national political party, adopted a constitution and selected a name for the movement today.

The organization will be known as the Labor Party of the United States and its object will be to "organize all hand and brain workers of the country to support the principles of a political, social and industrial democracy." Women are to have equal representation with men in the management of the new party.

Trade unions, farmers organizations, co-operative bodies and all other associations which subscribe to the principles of the party are invited to become affiliated with the new national political movement.

The new party will hold a national convention next summer to nominate candidates for president and vice-president.

The constitution provides for the issuance of state charters upon petition of five or more local branches. The basis of representation in the national convention will be one delegate at large from each state and additional delegates for every 400 of party membership from the different states.

Members of the party will be asked to contribute one day's pay to the campaign fund next year. In addition to this, the party will be financed by the levying of a monthly tax of from five to twenty-five cents on each member, the members in states without party charters paying the maximum tax.

Among the resolutions adopted were:

For the impeachment of United States District Judge A. B. Anderson of Indianapolis by congress for his action in granting the government a mandatory injunction ordering the rescinding of the coal miners' strike.

Protesting against the massacre of Jews in the Ukraine and other European countries.

PLAN ONE STOP CROSS COUNTRY FLIGHT

Minneapolis, N. Y., Nov. 24.—Lieut. Belvin W. Maynard, one of the winners in the army's recent trans-continental air race, will start from here Wednesday or Thursday morning on his attempted one-stop cross-country flight. It was announced here today. He plans to fly from here to Dallas, Tex., where he will rest over night and then go on the next day to San Diego, Cal.

Lieut. Maynard will use a specially designed De Havilland four machine, known as the "Grayhound." The machine is capable of attaining a speed of 150 miles an hour and has an unusually large storage capacity for oil and gasoline. A mechanic will be carried as a passenger.

MR. MCADOO SPEAKS OUT.

Mr. McAdoo may not be a candidate for presidential honors on the Democratic ticket, but the fact that he is out with a public

statement in defense of the miners and attacking the operators as profiteers makes one wonder about his political aspirations. That the operators have made enormous profits in many instances during the past two years is a matter of common knowledge, and Mr. McAdoo thru his connection with the treasury certainly had all the facts at his disposal. Nevertheless, his unexpected statement savors a little of politics.

LOVE OF THE SPECTACULAR.

There is a touch of irony in the story that thieves in Chicago made away with Mayor Thompson's car Saturday night. The bandits contrived to overpower the watchman at the police garage and after cutting the telephone wires escaped with the car. The abandoned machine was found some hours afterward and no doubt these thieves were actuated very much by the same spirit of bravado that led the train robber Carlisle to step into a telegraph office one day last week and send a message signing his own name, while officers on the watch for him were in the same room.

It was a love of the spectacular in both instances—the Jesse James daredevil spirit. One good thing about it is that such displays eventually lead to downfall and to justice.

STILL NO LIGHT ON COAL CONTROVERSY.

The coal strike situation has not yet been clarified. In fact, to read Mr. Garfield's statement doesn't throw much light on the situation. Mr. Lewis of the miners says specifically that he does not understand it and Mr. Brewster of the operators says Dr. Garfield supports the operators' contentions, but no understandable facts are given.

The statement has frequently been made that the government is "pulling off" something. It doesn't throw much light on the situation. To those who do not know much about the controversy in a technical way it looks as if the operators are willing to grant any increase that the government approves—if permitted to add the full increase of cost to the price of coal.

KANSAS EXECUTIVE IS BACKED BY THE PEOPLE.

Those who felt that when Gov. Allen of Kansas seized the mines in the name of the state, he was simply "pulling off" something spectacular have another guess. Fifteen hundred students in the agricultural college at Manhattan wired the governor that they were willing to enter the mines and go to work. Similar assurances came from other sources and the Kansas executive has a big list of sturdy men who if inexperienced and muscle to take them into the mines in the effort to make certain that the people of the Sunflower state do not suffer from the fuel shortage.

Kansas people have a certain definite western enthusiasm that helps them meet emergencies in a way that gets results.

PUBLIC VITALLY INTERESTED IN INDUSTRIAL DISPUTES.

It is likely that very few people realize how great is the public interest in every industrial dispute that comes along. The "percentage" of interest varies with the line of work, depending upon whether the commodity produced is a necessity or a luxury. For example, the coal strike is a matter of public concern in a ratio of 200 to 1. This means that the operators and miners who have for some days been in deadlock over the question of working conditions and wages, constitute about 1 per cent of the population of the U. S. Nevertheless comparatively few of the remaining 199 per cent have very keen understanding of how their interests are involved in the conferences.

FOREIGN COUNTRIES SEEK EXTENSION OF Y.M.C.A. WORK.

It must be some satisfaction to the executives of the Y.M.C.A. to consider the petitions from 18 foreign countries asking for the extension of the work there. Representatives from these countries were sent to the international convention recently held to press these requests. Evidently the kind of work done during the war time in the countries mentioned attracted the commendation and the favorable interest of these residents of the old world.

Sherwood Eddy, an international Y.M.C.A. worker who travels at his own expense, recently returned from a world tour and gives testimony of the turbulent conditions which exist in many of these same countries and emphasizes the need there is for a working agency of the Y.M.C.A. kind.

DECLARES ECONOMY MUST BE THE WATCHWORD.

James R. Mann, so long a conspicuous figure in affairs of congress, declares that economy must be the watchword of the next session. As this experienced leader sees it, there must either be economy, an increase in import revenues or from taxes. Since there can be no lower living costs unless the economy course is followed, he is a strong advocate of that course as giving promise of that thing on which the public is just now most insistent.

Without doubt Mr. Mann is touching upon the most vital theme that congress will consider, and upon its proper solution depends the happiness of millions of people. The days of unrest cannot go on indefinitely without penalty and any policy that brings about lower living expenses in an undisturbing way will be more helpful than any new legislation that can be enacted.

So the problem for Mr. Mann and his associates is to make a start in the accomplishment of this very thing, and to make that start thru economies that will not prove an uncomfortable, unpopular kind.

Then Go Ahead.

Long ago Dave Crockett said, "be sure you're right, then go ahead." And this is counsel safe and sane; we'd save ourselves all kinds of pain, if each would paste it on his head, and do as good old Dave said. In these excited times, we go ahead with breaks and crises, nor query as we whoop along, "is this course right or is it wrong?" We tread on other fellow's toes, and crush his hat and spoil his nose, in our mad rush to gain a bone or boost some interest of our own. Old customs and old methods droop, and precedents are in the soup; we matter deep contempt for laws, and self becomes our only cause. If I can get what I desire, I care not if your home's afire. This is the spirit of the time, and precepts are not worth a damn. We do not care if we are right when we kick up a useless fight; we do not care if we are wrong, so that our bank account is strong. And Dave Crockett sleeping lies; he left behind a message wise; but wisdom has no present lot in this mad world of ours. I wot.

SPRINGFIELD MAN SPEAKS AT TRINITY

Addressed Members of Trinity Parish in Nationwide Campaign of Episcopal Church—Other Speakers Were Heard.

At Trinity Parish house Monday evening Mr. Cantwell of Springfield addressed the members of Trinity Parish on the nationwide campaign that is being conducted by the Episcopal church.

The campaign is for the purpose of mobilizing all of the forces of the church in the cause of the Master. The speakers in this campaign are for the most part laymen.

Mr. Cantwell is a member of St. Paul's church, Springfield, and is a prominent business man of that city. The speaker urged loyalty to the church and the need of unity in accomplishing the task that has been set.

Dr. J. G. Ames spoke for the Sunday School and outlined the part the children would have in the nationwide campaign. Mrs. Langton also spoke briefly. Rev. J. F. Langton, rector of Trinity, presided.

Mrs. Andrew Russel was at the organ and the music was a feature of the meeting which was well attended. Much interest is being manifested by the members of Trinity parish and no doubt their part in the campaign will measure up fully to past traditions.

VISITOR FROM OKLAHOMA

P. E. Morse of Nordin, Oklahoma, was a city caller yesterday. He came up to Illinois for the purpose of visiting his mother who lives in Virginia. He gives an encouraging account of affairs in his state and says that many have gone there to accumulate wealth. He has been there eighteen years and the farm he bought for \$550 he could easily sell for \$18,000. It contains 160 acres and is best adapted to small grain which has done very well the past year. He says that people who go down there and get acclimated are generally satisfied and prosperous, though he knew one man who moved to the state and came back without taking his goods out of the car and others became homesick and returned almost as soon.

Alfalfa does well there and they get three to four cuttings a year and it brings a good price.

We made a lucky buy in boys' Mackinaws and will have them for sale Tuesday morning. All sizes at \$6.00, \$8.00 and \$10.00. Come in early and get the size. Only at TOMLINSON'S.

The Miracle Man

A Paramount-Artcraft Picture from play by Geo. M. Cohan
A Whole Life in an Hour

"The Miracle Man" crowds into one picture more experience, good and bad, than most people know in a lifetime.

The story begins in New York's Chinatown, where a gang of clever crooks—the "Frog," the "Dope," Tom Burke and his "girl" Rose—conduct a thriving "business" of fleeing unwary slummers.

One day Burke reads of an aged deaf and blind man up in the country, who is said to heal the ailing by faith. He decides to exploit the "fak" and, with the help of his pals, make rich pickings from the "Miracle Man's" gullible patients.

Rose, assuming a role of sweet innocence, pretends to be a distant relative to the "healer" and goes to live in his cottage. The "Frog," a counterfeit cripple, crawls to the patriarch, untwists himself before a gaping crowd, and walks. The "Dope" acts as "promoter of miracles" and Burke "accepts" the contributions.

But to the amazement of the rogues, the old man's simple belief works wonders. They find that their "fak" is bringing health and happiness to hundreds.

One by one, Burke loses his own gang. The girl pretending to be good, BECOMES good. In their new surroundings, the "Frog" and the "Dope" grow out of their old selves into MEN. Through jealousy and suffering from the gentle influence of the "Miracle Man," even the hardened, cynical Burke learns that money and vice are not enough.

The end is a happy beginning—for Tom and Rose, for the "Dope" and his village bride, for the "Frog" and his little "adopted mother"—a new road that goes straight.

11 HENS IDE; NOW LAY 221 EGGS A MONTH

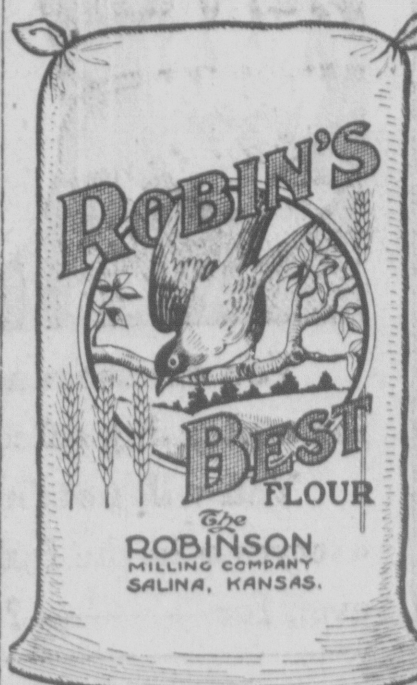

Mrs. Young Almost Gave Up Calling Chickens. Then She Tried This Plan.

"When I accepted your offer to try Don Sung, I had been getting 2 eggs every other day. And in one month, using 30 cents worth of Don Sung, my 11 hens laid 221 eggs, almost twice as many as I had been getting. I have decided to raise as many as I can. —Mrs. C. C. Young, Bell Phone 1040."

Feed is too expensive to waste. Idle hens. You can easily start your hens laying and keep them laying even in coldest winter. To prove all you need do is accept our offer. Mrs. Young did.
Give your hens Don Sung and you will get results for one month. If you don't find that it pays for itself and pay you a good profit besides, tell us and your money will be promptly refunded.
Don Sung (Chinese for increasing works directly on the circulating organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, starts her laying.

Try Don Sung for 30 days and if it doesn't net you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your drugist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burrell-Duizer Co., 284 Columbia Bldg., Indianapolis, Ind.

WOMEN GIVE OUT

Housework is hard enough when healthy. Every Jacksonville woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Jacksonville woman's experience.

Mrs. Helen Donaldson, 236 E. Washington St., says: "Sometimes I over-exerted in working about the house and it affected my kidneys, bringing on attacks of backache. The trouble would put me past going for a time. I had dizzy spells also, but rheumatic twinges were the worst symptoms of the complaint. The pains would settle in my lower limbs and make them swell, especially around my knees. Doan's Kidney Pills, which I got at Allcott's Drug Store, brought quick relief and I haven't had to take any medicine for my kidneys now for quite a while."

Deaths

Allen.

Mrs. William Allen, aged 49 years, of Meredosia, died at Passavant hospital at 2:45 o'clock Monday afternoon. She had been a patient at the hospital for several months. The remains were removed to the undertaking rooms of Williamson & Cody and prepared for burial. They will be taken to Meredosia today where funeral services will be held and interment made.

Todd.

Mr. and Mrs. E. G. Todd, 819 South Diamond Street, received word Sunday morning that their daughter-in-law, Mrs. Willard Todd, had passed away at a hospital in East St. Louis late Saturday night.

The remains arrived in this city at 5:15 o'clock Monday afternoon over the Chicago & Alton railroad and were taken direct to the residence of Mr. and Mrs. Todd. Funeral services will be held at the home at 2:30 this afternoon. Reverend M. L. Pontius, pastor of Central Christian church will officiate and interment will be made in Diamond Grove cemetery.

The deceased was united in marriage with Willard Todd in 1904 at White Hall, where Mr. Todd's parents resided at that time. Deceased was 37 years of age. Surviving are the husband, one son, Russell Todd, twelve years old, two sisters and one brother and her father and step-mother of East St. Louis.

Edgmon.

Miss Laura Edgmon died at her home in Peoria Saturday.

Deceased was a daughter of the late Alexander Edgmon and was born and reared in this city being a graduate of the Illinois School for the Deaf.

Her father was a resident of the Fourth Ward and was engaged in the brick business, the yard being located south of Anna street. Many of the older buildings in the city are built of brick furnished by the yard.

While here the family were members of Westminster church. Two members of the family survive, Julia Edgmon of Quincy, and Walter Edgmon of Brookfield, Mo.

The remains were brought here for burial and were taken to the mortuary of J. G. Reynolds. Brief funeral services will be conducted at Diamond Grove cemetery this morning at ten o'clock in charge of the Rev. T. H. Tull, pastor of Grace church.

Job Coates Celebrates His Eighty-Third Birthday.

At his pleasant country home north of Orleans last Sunday the venerable Job Coates quietly observed the eighty-third anniversary of his birth. There were present on this occasion about thirty-five friends and relatives and the day proved most pleasant for all. At noon a fine dinner was served. Mr. Coates received many congratulations during the day.

Mothers and Friends Met With Mrs. Harris.

The Mothers and Friends Association met at the home of Mrs. Harris, 429 North Main street, to help her celebrate her birthday. Tho. Mrs. Harris was taken wholly by surprise she entered heartily into the spirit of the occasion and some time was pleasantly spent socially. Music was furnished on the Victrola and refreshments were served. Mrs. Harris was the recipient of a number of gifts.

Party in Honor of Eleventh Birthday.

A number of folks were entertained Saturday afternoon at the home of Mary E. Killam in honor of her 11th birthday, the hours being from 2:30 to 4:30. Games and music furnished amusement and dainty refreshments were served. Those present were: Helen Harney, Ruth Sholtz, Rhoda Rammelkamp, Laura Young, Kenneth Conboy, Lucille Strandberg, Elizabeth Acom, Dorothy York, Mary Smith, Mary Phillips, Grace Boddy, Helen and Erman Ehlert, Margaret and Zoe Marshall, Catherine Kamm, Frances Cockin, Emma Lee and Frances Mosely, Maria and Laura Tobin, Lorene and Thelma Carpenter, Helen Mallen, Helen Wells and Mardell Killam.

College Hill Club Met With Miss McLaughlin.

The College Hill Club met with Miss McLaughlin at the Woman's College Monday afternoon with a good attendance. The paper of the afternoon was by Mrs. Nelson, her subject being, "Foreign War Poetry." The subject proved most interesting and Mrs. Nelson gave a number of poems which were of great merit. She also read a number of notes she took from a lecture she heard in Wisconsin last summer delivered by Prof. Hembdt. He put forth the theory that only people of purity of spirit and character can write poetry that will live. The next meeting will be with Mrs. J. R. Harker at the Woman's College December 15.

Miscellaneous Shower for Miss Hallie Ommen.

A miscellaneous shower was given at the home of Mrs. John Ommen, five and one-half miles northwest of Chapin Saturday, Nov. 22, in honor of Miss Hallie Ommen who is soon to become the bride of Mr. Fred Nergenah, of near Chapin.

There were about twenty young ladies present, the afternoon being spent in games and contests. The prize winners were Mrs. Albert Nienhiser, Miss Anna Nergenah and Miss Rosa Botterbusch. The date of the wedding was announced in a novel manner by a tramp who made his appearance bearing a card on his back, with the wedding date and presenting the bride-to-be with the gifts.

After the games and contests a dainty two-course luncheon was served and in cutting the bride's cake Mrs. Walter Unken received the ring. Miss Mable Unken the dame and Miss Ada Wohlers the darning needle.

The many handsome gifts received by Miss Ommen indicate the high esteem in which she is held by her many friends.

The guests departed for their various homes as the shadows began to lengthen, voting Mrs. Ommen a charming hostess.

BLOOD POISONING

Hamlin's Wizard Oil a Safe First Aid Treatment.

How often lockjaw and blood poisoning result from the neglect of a slight scratch or little cut! Hamlin's Wizard Oil is a safe and effective first aid treatment. It is a powerful antiseptic and should be applied immediately to wounds of this kind to prevent danger of infection.

It is soothing and healing and quickly drives out inflammation in cases of sprains, bruises, cuts, burns, bites and stings. Just a reliable, too, for stiff neck, sore feet, cold sores, canker sores, earache and toothache.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back. Ever contaminated or have sick headache? Just try Wizard Liver Whisks, pleasant little pink pills, 30 cents. Guaranteed—Adv.

Miller's Antiseptic Oil, Known as SNAKE OIL

Positively Relieves Pain in Few Minutes.

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pain in the head, back and limbs, corns, bunions, etc. After one application pain usually disappears as if by magic.

A new remedy used internally and externally for coughs, colds, croup, influenza, sore throat, diphtheria and tonsillitis.

This Oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected part at once. As an illustration, pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great oil is golden red color only. Manufactured by Herb Juice Medicine Co. Every bottle guaranteed 30c, 60c and \$1.00 a bottle, at Armstrong & Armstrong—Adv.

With 3 Point Cantilever Springs the New "Overland Four"

Seems to

"Sail Over the Roads"

The new three-point Cantilever springs of Overland 4, by their special construction and design, protect car and passengers from ordinary road jolts. Bumping, twisting, swaying and vibrating are wonderfully lessened. The blows of the road seldom reach you. There is less tendency to bodily fatigue after long rides. The springs of Overland 4 attached at the ends of a 130-inch springbase give the riding comfort and road steadiness heretofore possible only with cars of long wheelbase and great weight, yet Overland 4 retains the light weight and economy advantages of 100-inch wheelbase.

Three-point Cantilever springs protect the car from the hammering and wear of road blows. They lengthen its life and reduce upkeep costs. Equipment of Overland 4 is dependable and complete from Auto-Lite starting and lighting to Tillotson carburetor. 250,000 miles of test have been made and the strength and endurance of this car a matter of record.

See Overland 4 at the first opportunity. Ask for booklet. Overland 4 Touring, \$845; Roadster, \$845; Coupe, \$1325; Sedan, \$1375. Prices f. o. b. Toledo.

ST STATE CAR TRACKS TO BE PAVED

ORK WILL BE DONE THIS FALL.

Finance Passed Providing For Separation of Water Funds—Car Switch Goes on Anna Street—Citizens Committee Will Investigate Sewer Situation.

The city council last night ante the petition of the Jacksonville Railway & Light Co., to complete its switch on Anna street and Sandy street, and thus make possible the delivery of coal rail to its plant. This and her matters of current interest occupied the time at the regular Monday night session. Mayor Crabtree was present and the call by Mr. Pyatt showed that the aldermen were present with the exception of Mr. Ehnie,

who came in before the session closed. It was decided to add one patrolman to the police force. The mayor was authorized to name a committee of seven citizens who are to canvass the situation relative to the building of a trunk sewer. An ordinance drawn by City Attorney Bellatti providing for the keeping of water receipts in a separate fund was adopted and is now effective.

Perhaps the most important action of all was the request made to Supt. Gray of the Railway & Light Co., to pave between the rails and adjacent to them on East State street. Mr. Gray had previously indicated that the company is very willing to proceed with this part of the work if the council so desired.

Objections to Switch Withdrawn
After the roll call the petition of the Railway & Light Co., for right to lay tracks on Anna and Sandy streets was brought to attention. Mr. Crabtree told of the conference with Mr. Gray and with Mr. Cassell, who owns property on Anna street, and who first objected to the building of the track. The council at a previous meeting decided to postpone action on the petition until further attention had been given to Mr. Cassell's objections. Meanwhile Mr. Cassell determined that he did not wish to stand in the way of the improvement and told the mayor that since the council had shown a disposition to guard his interests, that he would withdraw his objections and trust Supt. Gray to do the right thing about any damage to his property.

The building of this switch is looked upon as a matter of importance to the city as it will make it possible to have the 12,000 or 15,000 tons of coal now hauled over the pavements annually for the gas company transported by rail and a heavy amount of wear and tear on the pavements thus stopped.

The next matter considered was with reference to the East State street pavement. Mr. Gray stating that he was willing to do whatever the council wished done about paving this fall. He said that he realized the track was in a dangerous condition and that it made traffic on the street more difficult. However, he pointed to the objections there are to paving at this time when the city's part of the work cannot be done.

IN BED TWO YEARS AS RESULT OF PNEUMONIA

Cough Left and She Soon Got Back Strength and Flesh.

"I was confined to my bed for 2 years from the effects of plural pneumonia. It left me with an awful cough and bronchial trouble. Was treated by 12 different doctors with no apparent benefit. I had heard of Milks Emulsion but had no faith in anything. A friend urged me, and I tried it. From the first, I commenced to feel better. I have now taken seven bottles and am feeling fine. Have no cough or bronchial trouble, have regained my flesh and strength and am doing all the work for a family of seven. I never felt better in my life."—Mrs. Dell Silvers, 46 Fulton St., Phoenix, N. Y.

A run-down body infests disease. Let Milks Emulsion build you up as it has others. It costs nothing to try.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv.

adjoining them means that a number of the brick will surely be displaced. However, after the whole matter had been canvassed the council took an advisory vote on the proposition and as four out of seven voting favored putting the pavement in now, Mr. Gray said the work would be undertaken very speedily.

The railway superintendent presented a letter from a welding firm stating that the absence of a special representative in Cuba was delaying the work to be done for the railway company here. This proposed work is on the south side of the public square. The letter indicated that the delay will be only a few weeks longer.

A letter was read from the Western Union Telegraph Co., making clear the company's understanding of the basis on which the work was done in Broadway Alley. This letter, in the opinion of Mr. Bellatti and Mrs. Crabtree, is better than the \$500 bond suggested and accordingly the letter was made a matter of record and taken in lieu of the bond.

Police and Firemen.
Alderman Cain said he wished to bring to the attention of the council the need for an increased police force. He referred to the wave of crime which is going over the country and said that he felt that there was some danger in the city going along with as little protection as now. Mr. Crabtree said that he had hoped that all questions of increasing police department and fire department and other affairs of the kind could go over until the bonds had been issued, the debts cleared up and a complete statement of the city's finances made known.

After some discussion it was decided to add one patrolman to the night police force.

Alderman Moore told of the inadequate number in the fire department to cope with any large fire. The alderman said he did not press the matter of appointing additional firemen at this time, but that he wanted the council to understand just the situation so that if at some later time there is a big conflagration without an adequate fire fighting force, that responsibility will be mutual. It was decided to make no additions to the fire department at this time.

Citizens' Sewer Committee.
Alderman Flynn made a report on the great need of a trunk sewer and wanted the specifications to call for a sewer 60 inches in diameter. Street Commissioner White told of the continual work that is necessary to keep the brook sewer open, since there are so many other sewers running into this one that with its diameter of 15 inches it is wholly inadequate. The result of the discussion was a motion by Alderman McGinnis with a second by Alderman Flynn, that the mayor ap-

Walking Under Difficulties

"Believe me, I suffered from stomach and bowel trouble right. This weakened me so that I could do no work. I could do no work. I started taking Mayr's Wonderful Remedy on the advice of a friend. Now I am working every day and feel better than I ever did in my life. It is the only medicine that ever touched me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

LIFT OFF CORNS WITH FINGERS

Few Drops of "Freezone," Then Corns Lift Off—No Pain!

SILAS HUGHETT HAS FORD CAR STOLEN

Local Man Loses Car in California—Was Evidently Recovered—C. N. Priest Receives Telegram.

The Ford car of Silas Hughett, 728 West Lafayette avenue, who is making an extended visit in California, had his Ford stolen in that state, according to a telegram received by C. N. Priest, from the sheriff at Los Angeles, Calif.

Mr. Hughett left here with his wife and his son and wife last summer for California. He has several children residing on the Pacific Coast and expected to remain for an indefinite period.

Monday C. N. Priest from whom Mr. Hughett purchased his car, received a telegram from the sheriff of Los Angeles, Calif., asking for the name of the owner of car with engine number 2,239,578.

Upon looking up the number Mr. Priest found it was the engine number of the car sold to Mr. Hughett, and he telegraphed the information to the California sheriff.

Mrs. J. T. Gunn of west of the city received a telegram Monday morning telling of the serious illness of her mother, Mrs. Virginia Daniels, at Pueblo, Colo. Mrs. Daniels is suffering from an attack of pneumonia and but slight hope is entertained for her recovery. She had a severe attack of influenza and double pneumonia last winter, from which she never fully recovered. Mrs. Daniels went to Pueblo several months since to make her home with her daughter, Mrs. A. F. Spencer, and it was there that she was taken ill. Her son, Martin Daniels of Colorado Springs, is at her bedside.

LOCAL POST SELECTS PERMANENT OFFICERS

Permanent Organization of Jacksonville Post, American Legion, is Effectuated at Meeting Held in Elks Lodge Rooms Last Evening—R. Y. Rowe Elected Post Commander.

With a large attendance of members of the Order present, Jacksonville Post, American Legion, last night effected its permanent organization at a meeting held in the Elks lodge rooms. All of the ex-service men in attendance are enthusiastic backers of the Legion's policies and the election of officers and business session was carried out with the greatest harmony.

The meeting was called primarily to elect officers of the post and effect permanent organization. According to the national by-laws this must be accomplished before December 10th.

The balloting on the various nominees and offices resulted as follows:

Commander—Richard Y. Rowe
Vice Commander—John Larson.

Adjutant—Allen Jacobs.
Post Sergeant—Harold Bartlett.

Medical Officer—Dr. W. H. Weirich.
Insurance Officer—Fred Bray.

Chaplain—Rev. W. H. Marchant.
Historian—W. T. Harmon.

A number of interesting talks were then heard from several of the members present and following adjournment refreshments were served and a smoker enjoyed.

The local post now boasts 260 members and is preparing a drive to further increase the enrollment.

"MIRACLE MAN" THRILLED LARGE AUDIENCES

"The Miracle Man" drew great throngs of people to Scott's theatre yesterday afternoon and last night. Announced as one of the greatest plays ever filmed, the presentation here proved it such. Six months were said to have been required in preparation for this wonderful screen story and certainly during those months the work of master craftsmen and great artists was summarized in the several acts.

The story runs the whole round of human emotions and pictures life as it is under varying conditions. It is a love story full of thrills and adventure. There is beauty, pathos, mirth and music, in such an artistic blending that the interest of the auditor is held unflinching for a two hour stretch. The hundreds of people who left Scott's theatre yesterday termed "The Miracle Man" a beautiful, strong, melodrama, with a story so vivid and so artistically developed that it carries its appeal to old and young, to people in every walk of life.

BANK ROBBER CLAIMS THIS CITY HIS HOME

One of Men Who Attempted to Rob Palmyra Bank Tells Macoun Sheriff He Was Employed as Stenographer Here.

Sheriff W. H. Weatherford will go to Carlville today in response to a request from Sheriff Morris of Carlville to try to identify one of the men who attempted to rob the bank at Palmyra last week.

One of the men captured has told Sheriff Morris that he is a resident of this city and that he was here the night of the robbery. He claims to have been employed as a stenographer here.

There was a fourth member of the gang of robbers who was badly wounded by a farmer and surrendered a few days ago, according to reports from Carlville. This man hid in the timber several days and made a number of visits to farm houses in the vicinity.

He was deserted by his confederates and his wounds became so bad that he was compelled to seek medical aid and in this manner his capture came about. It is said that he is seriously wounded.

Pictures received by Sheriff Weatherford have not been identified by local officers. Sheriff Weatherford will go to Carlville and endeavor to assist in proving the prisoner's identity.

AUTOMOBILE DEALERS PERFECT ORGANIZATION

Enthusiastic Meeting Held at Peacock Inn Last Night is Largely Attended—E. A. Olds is Chosen Secretary of the Association.

The first regular meeting of the Jacksonville Automotive Dealers' Association was held Monday evening at the Peacock Inn, the meeting being preceded by a six o'clock dinner.

The first order of business was the perfecting of the preliminary organization set on foot at the meeting of November 20.

The following are the officers of the association, who will hold until January 1, 1921:

President—R. T. Cassell.
Vice-President—Howard Zahn.

Treasurer—J. G. Berger.
Directors—S. W. Babb and J. F. Claus.

At the meeting Monday night, E. A. Olds was appointed as secretary of the association.

The regular meetings of the association will be held on the last Monday evening of each month. The entire membership was present Monday evening and a unanimity of purpose was evidenced that augurs well for the success of the association. As has been already stated, its purpose is in no way one for profit but for protection of every automobile owner in its jurisdiction, the elimination of various abuses which naturally grow up with a business that has made such rapid strides, road betterment, etc., always with the end in view for a better and bigger Jacksonville.

A call meeting of the association will be held in the near future to which all regular automotive dealers in the trade radius of Jacksonville will be invited. It is expected that one or more officers of the national association will be present to address the meeting.

CITIZENSHIP AND THE PUBLIC SCHOOLS

Dr. Henry Neuman Says Making of Patriotic Citizens Should be Greatest Duty of Public Schools—Opposes Military Training.

A fine audience greeted Dr. Henry Neuman at the Congregational church Sunday night to hear discussed the subject, "Citizenship and the Public Schools." Of the excellent address a short outline is given.

The church and all forces should combine for good citizenship. First lessons are taught at home where the children should know that the rules of the household are to be obeyed. The common tasks, the daily duties should be done in a manner early to discipline the minds of the young and teach them obedience to law and to govern themselves.

In this the church has not cooperated as it should. During the great world war we found what may be accomplished when all cheerfully cooperate in civic duties and tasks; the farmer, the miner, the mechanic, the business man, all lent their aid. Men of fine attainments and business ability went to Washington and tendered to the government their valuable services without reward though they were worth many thousands each annually.

To all teachers I would earnestly urge the great importance of keeping ever before the minds of the young the importance of good citizenship and doing everything possible for the good of the public.

Patriotism Still Needed

The great war is over now and stirring appeals to patriotism cannot be made as during the conflict and yet there are needs and very great ones for patriotic devotion today. There is too much tendency now to let down and go back to the old ways before the war; each one for himself with no ideals of a patriotic, public spirited nature. The true service may be for many years to come, but if it makes the country better that should be the test.

There are plenty of opportunities to serve the public if we will embrace them. If we make shoes, make them better than ever; if a carpenter, build better houses than before; if a merchant or business man of any kind have the same end in view. This is a country of workers, mechanics, laborers, and they make the state. The American sings at his work and when he works cheerfully, trying best to serve, to do more and do it better, then he is patriotic.

The schools really do more than the homes in making for citizenship. There is the opportunity to assemble all classes and imbue them with a true love for the country and genuine service. An Italian boy was educated and now is a teacher in a district containing nine or ten nationalities and he teaches them to be good citizens. How often it is that the groups of different nationalities hate each other but would not if rightly taught. The public school is a great unifying agency.

Inculcate Patriotism

The teacher should use all opportunity to inculcate patriotism and teach the pupils more and more to be true Americans. If this is a land of liberty have the pupils know what kind of liberty we have. Next year the 300th anniversary of the landing of the Pilgrims is to be celebrated. They were not looking for money but for civil and religious liberty; freedom to worship God and they erected the schoolhouse, the church and the college and all worked in unison and what a mighty debt this land owes them today.

It is all right at school to learn the tables, rules and facts, but that is not all. Character should be made there too. When practicable teach self government. This has been tried with eminent success in a number of places. There was one colony of incorrigibles and in despair a new idea was tried, putting the boys on their honor and teaching them to govern themselves and it worked admirably and has worked elsewhere and thus they learn what real government is. There was a school whose pupils petitioned that they be left alone during a study period. At first they failed but they tried it again and with fine success and they kept it up and so learned to govern themselves and later to govern others.

Should Have Recreation

There should be wise building recreations. There is a surplus energy in all natural youths and it must have vent. Frequently boys will steal or perform some freaks or misdemeanors just for the fun of it trying to see who can best outwit the officials. If they had the right kind of recreation they would not do these things. Good playgrounds, class rooms, an ample store for dramatic entertainments; let the pupils study Shakespeare and then at the end of the term present a play from the great author.

Self government is not generally well below the 6th grade and not then unless the pupils show a spirit of self restraint and capacity to govern themselves. A German visiting New York was astonished to see self governing schools; he was used to the stern military discipline methods and was gratified to see our way. I do not endorse military training in any kind of a public school unless it be in case of emergency; time enough for that after leaving the high school. Build up the physical system with other means.

you see a poor school building know that that community is either poor or more likely stingy.

Should Have Forums

There should be forums where parents and teachers may meet and discuss the schools and the best way to manage them; the school rooms should be provided with good equipment; portraits of eminent men and other incentives to advancement.

Do these things and work together and grand results will follow; a well trained youth ready equipped and willing to take up the burdens of the commonwealth.

Asked what he would suggest in our high school building to be erected he replied that it was very easy to spend other people's money. He would have it well lighted, thoroughly equipped that pipe organ if possible, gymnasium, class rooms, an ample store for dramatic entertainments; let the pupils study Shakespeare and then at the end of the term present a play from the great author.

HESSIAN FLY IS MENACING WHEAT CROP

Greene County Farmer Worried Over Pest—Rev. Ewert Alarmed About Small Church Attendance in White Hall—Notes.

White Hall, Nov. 24.—The menace of Hessian fly, which a few weeks ago was thought to be abating locally, is again giving concern to the farming community, sufficiently so that efforts will be put forth to curtail the ravages of the pest as far as possible. The fly danger caused several farmers to delay winter wheat planting and then came the rainy season of October and early November, the result that a large acreage of winter wheat is just now being planted. Early planted wheat is way

up, and, in excellent condition. The shucking and cribbing of corn is progressing uninterrupted during the period of ideal weather. The quality is excellent, some farmers declaring it to be the best they have ever seen and others saying it is the best for five years, and the yield will average around fifty bushels to the acre.

Critical Situation of the Churches
The church is facing a critical situation, and its very existence seems to be in the balance according to the findings and disclosures of Rev. Arthur F. Ewert, pastor of the Presbyterian church, who abandoned his set subject for Sunday morning to call attention to the matter as something demanding immediate consideration.

He finds that in a general way there is a non-attendance upon church worship, but that his investigations leads him to believe that locally the evident lack of interest is more pronounced than in most places. In the large cities the audiences are small. The returned soldier boys are not attending church, the very opposite of what was anticipated of them on their return from army service. The boulevards are alive with people while the pews are practically empty.

White Hall churches serve a population of 3,500 on a conservative estimate, and yet the average Sunday attendance at all the White Hall churches, according to estimates furnished by the respective pastors, is less than five hundred. Where are the others who have interest in the services of the churches? It is up to the churches to solve the problem, says Rev. Ewert and the church must adjust itself to the new and changed conditions or languish.

Rev. Mr. Ewert commended the membership for loyal co-operation but added that there is more work for them and all the church workers to do if there is to be gained sufficient force to overcome the disinterestedness on part of the general public toward the church. The church has itself largely to blame, says the pastor, and the first thing that should be done is for the church to prepare to keep its doors open more than one day in the week and locked for six days.

It was at this juncture that the distinguished pastor invited his congregation to spend a few moments in the basement as the concluding portion of the service, and there he outlined plans for improving and equipping the basement as a social center. These plans are very elaborate, providing for entertainments, banquets, moving pictures, athletics, also rest rooms for both men and women, and complete kitchen facilities. It is the idea to provide these quarters for all purposes aside from divine worship, to which the main auditorium is dedicated. The plans were prepared by Bullard & Bullard of Springfield.

The services of the Presbyterian church are in every respect equal to some of the best city churches, with sermons that are not excelled, and the fact that this church suffers for want of attendance along with the other churches is sufficient reason for some drastic and far-reaching if not revolutionary action that will bring the church back into its own so far as its influence on the general public is concerned. The church is the great institution that concerns itself with the soul and the highest human instincts and ideals, and the fact that it needs readjustment to meet new and changed conditions is no more a reflection upon the church than upon the other things that are almost universally going thru a process of readjustment. There are enough people in White Hall to fill every church at every service, and the church that takes the lead in reaching this end will be a benefactor to all the other churches as well as its own.

White Hall Notes.
G. S. Vosseller, president of the White Hall National Bank, is again able to be out, after being confined to bed with illness. He looks to be in as good health as usual, and should you meet him and learn his true age, don't think he is kidding you, as he is really 87 years of age.

The Commercial Club is considering the subject of the possible discontinuance of telegraph service thru the interlocking tower, which has afforded continuous service since last March. The office at the C. & A. station closes at 5 p. m., and the business has been handled thru the interlocking tower between that hour and 7 a. m., for which purpose telephone connection was provided. It proved to be an excellent arrangement, and the business men are not sitting idly by and letting the service be discontinued without a hearing from them.

Mrs. R. H. Postlewait attended the funeral of Mrs. Hayden Landis at Milton, Pike county, Saturday. The two ladies were room mates at Illinois College, Jacksonville.

Frederick (Tip) Browne of Bedford, Mass., was calling on old home friends in town Sunday, dining at the home of Mrs. Mary Meyerstein. He had been at Kansas City to call on his brother, Milton Browne.

Dr. H. L. Griswold was down from Jacksonville Sunday. Mr. and Mrs. O. H. Fischer were down from Beardstown last week.

Thanksgiving services will be held in the First Baptist church, commencing at 10:30 a. m. Thursday. It will be a union service. The discourse will be by Rev. O. A. Carmon, the Baptist pastor and all the pastors will assist. This service will be followed by dinner at the M. E. church.

The sewer pipe works laid off five men Saturday evening. This is the first evidence of curtailment of local industrial operations because of the coal situation. The Ruckel pottery has shut down the slipping room, and as soon as the driers are fired with someone the wheelmen at this shop will cease work. The last kiln of ware to be burned at the

Ruckel pottery is now being set, and this means an early shutdown unless coal relief comes in the next few days. The schools re-opened this morning.

SOME HIGH PRICED LAND
A gentleman of unquestioned veracity told a Journal reporter yesterday of some high priced farms.

One of 137 acres thirty miles east of Kansas City, sold for \$1,000 and acre. It had a costly residence and was especially fitted for a fine stock farm.

Bert McVey, residing east of Barry, Pike county, refused an offer of \$500 an acre for a hundred acre farm.

A farm near it with no improvements sold for \$350 an acre.

Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy, like childhood days, you must keep your body free from poisons. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like castor oil—yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually. 10c. and 25c.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbites, colds of the chest (it often prevents pneumonia). 30c. and 60c. jars; hospital size \$2.50.

BAD BREATH
Caused by Acid-Stomach

How can anyone with a sour, gassy stomach, who is constantly belching, has heartburn and suffers from indigestion have anything but a bad breath? All of these stomach disorders mean just one thing—Acid-Stomach.

EATONIC
EATONIC is a wonderful new stomach remedy in pleasant, tasteful tablet form that you eat like a bit of candy, brings quick relief from these stomach miseries. EATONIC sweetens the breath because it makes the stomach sweet, cool and comfortable. Try it or that nasty taste, congested throat and "foul feeling" after too much smoking. Indigestion, Acid-Stomach may cause you a lot of serious trouble. It leads to nervousness, headache, insomnia, melancholia, rheumatism, flatulence, heart trouble, ulcer and cancer of the stomach. It makes its millions of victims weak and pitiable, hinders, lacking in energy, all their work. It often brings about chronic rheumatism, premature old age, a shortening of one's life.

You need the help that EATONIC can give you if you are not feeling as strong and well as you should. You will be surprised how much better you will feel just as soon as you begin taking this wonderful stomach remedy. Get a 25-cent box from your druggist today. He will return your money if you are not satisfied.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health
Officials Warn People to
Keep Clean.

Stay Away from People with
Coughs and Colds.

"Avoid crowds if you want to
avoid influenza," says Association
for Improving the Conditions of
New York.

Keep your hands clean, drink
plenty of fresh water; sleep with
windows open; eat three uniform
meals a day including a good
breakfast.

People who have catarrh or fre-
quent colds invite influenza, de-
clares a prominent Kentucky
druggist.

The membrane of the throat
and nose is raw, sore and tender,
and makes a lovely abiding place
for germs to thrive and multiply.
He advises an inexpensive home-
made remedy that will bring relief
in less than a day and will stop all
discharge and soothe and heal the
inflamed membrane in a few days.

Thousands are making this be-
neficial remedy at home and any-
one who has catarrh or a cold can
do the same.

Four three-quarters of an ounce
of Mentholized Arcline into a pint
bottle, then fill the bottle with
water that has been boiled.

Gargle the throat as directed
and snuff or spray the liquid into
the nostrils twice daily. It's a
simple way to get rid of cold and
catarrh and keeps the nasal pas-
sage and throat clean and healthy.

Nearly all druggists dispense
Mentholized Arcline in vials con-
taining exactly three-quarters of
an ounce, which is all you need to
make a pint of this healthful me-
dicine.

When the big war came York
was one of the millions swept in-
to the army. He made a good
soldier in America. Then when
the Macedonian cry came from
the allies York went across to
France with millions of com-
rades.

In the great struggle when
America's sons were hurled
against the Germans in the Ar-
gonne, York was a sergeant. Up
into this hell of fire and death he
went. His was the work of kill-
ing or being killed. With a few
companions he came in contact
with a big force of Germans. His
crew was out-numbered.

It was either fight or fall back.
York fought. The experience of
a hundred years of quick and ac-
curate shooting inherited by him
came into play. He shot Ger-
mans just like he was shooting
squirrels. He brought a big num-
ber back to the American lines.
York regarded the job just as

that's the peaceful, sure, common-

a day's work. But soon the story
of the biggest feat of the war was
out.

York was singled out and de-
corated. The highest honors that
America could bestow were
awarded to York. He bore his
honor with the modesty of a
brave man.

York wants to give his moun-
tain people a little opportunity
for education. He is out lectur-
ing for a school fund.

He honored Tennessee and up-
held the glorious traditions of the
Volunteer State.

Virginia called to Tennessee on
the bloody slopes of Gettysburg,
and Tennessee answered in the
charge which brought undying
glory to the dying star of the Con-
federacy. All America called to
Tennessee one day on the shores
of the Meuse in far off France,
and Sergt. York, the boy from the
mountains, answered.

And that answer acclaimed him
as one of our best and bravest.

EDNA C.—The sur-
est way to make the
perfect work. You can make it at
home in a few moments, and it costs
less than any wrinkle treatment you
can see the stores already prepared.
Get a two-ounce package of eptol, 50
cents worth, and mix this with two
tablespoons of glycerine in half a
pint of water. Apply liberally every
day. The skin will grow more plump
and deep lines, crows' feet and other
large and small wrinkles will gradu-
ally fall out and vanish.

BERTHA T.—Here is a wrinkle
formula which has never failed to do
perfect work. You can make it at
home in a few moments, and it costs
less than any wrinkle treatment you
can see the stores already prepared.
Get a two-ounce package of eptol, 50
cents worth, and mix this with two
tablespoons of glycerine in half a
pint of water. Apply liberally every

HERSUTE—You can be sure that
there is but one sensible way to re-
move hairs from the upper lip and
in fact, from any part of the body.
It is foolish to "burn" them off, in-
juring and spotting the skin. Just
moisten the hairs with a solution, and
secure from the drug store for one
dollar. This will actually dissolve
away the hairs completely, and leave
the skin soft and smooth. It will
not irritate the most delicate skin.

GAVE BATTLE TO WHOLE BATTALION

Tennessee Mountain Soldier Who
Holds Record for Whipping
Germans to Lecture for Educa-
tion.

Sergt. Alvin C. York, the Ten-
nessee mountain doughboy, who
gave battle to a whole German
machine gun battalion and thor-
oughly whipped them, might be
called a practical Christian fight-
ing man, who fights, only when
he has to in the cause of human-
ity, who puts his trust in God,
but keeps his powder dry.

At his lecture at Central Chris-
tian church, Saturday, November
29, 8 p. m. under direction of the
Rotary Club will be told the story
of the fight that started with a
battery of machine guns blazing
away at one man and ended with
more than twenty Germans dead
and 132 others prisoners in the
one man's hands.

High army officers and others
who have gone over the ground
in the Argonne where this most
amazing individual exploit of the
war took place made possible only
because during the whole en-
gagement Sergt. York never made
a false move and because he was
an absolutely sure shot with rifle
or pistol.

Sergt. York himself, however,
has a different explanation. Geo.
Pattullo, while investigating the
fight for the Saturday Evening
Post found himself absolutely
amazed that any American came
out of it alive. York answered
simply, "We know there were
miracles, don't we? Well, this
was one. I was taken care of—
its the only way I can figure it."

That serene and unshakable
faith was doubtless a factor in a
light where the least nervousness
or fear would have been disas-
trous.

Another factor, though, was
the sort of marksmanship that
enabled York to drop a lieutenant
and seven men with his automatic
before they could rush him at a
distance of twenty yards, down-
hill.

This uncanny ability to hit
whatever he was shooting at was
inherited by York from his father,
a mighty hunter in the Cumber-
land mountains, and developed by
long practice.

The dauntless confidence that
enabled him to keep shooting
straight under such circumstances
may have come from the fact that
York is second elder in the
Church of Christ and Christian
Union, at Pall Mall, Pentress
county, Tennessee.

It is at Pall Mall that the York
Foundation intends to found and
maintain the school for mountain
boys and girls to which Sergt.
York is devoting the proceeds of
his lecture tour. Tickets to the
lecture are on sale at the Journal
and Courier Offices.

BULLISH SENTIMENT PREVAILS CORN MARKET

Chicago, Nov. 24.—Bullish
sentiment prevailed in the corn
market today largely as a result
of the re-opening of a big food
manufacturing establishment
which had been closed by the coal
shortage. Prices finished strong
1-2c to 1-7-8c net higher, with
December 1.32 1-4 to 1.32 3-8,
and May 1.27 3-8 to 1.27 1-2;
oats gained 1-2c to 7-8c. In pro-
visions the outcome varied from
10c decline to a rise of 22c.

Higher prices in the corn mar-
ket formed the rule thruout the
day. Another stimulus to an ad-
vance in the corn market lay in
the fact that receipts of corn were
not as large as had been looked
for.

Higher quotations on hogs to-
gether with talk of continued ex-
port demand for corn led after-
ward to further upturns and so
likewise did forecasts of rough
weather likely to interfere with
husking and with the expeditious
movement of the crop.

Oats averaged higher with
corn and in view of decreasing
stocks at terminal markets.

Provisions were lifted by the
upturn of corn and hogs, but later
reacted somewhat when the hog
market eased down.

IMPORTANT STOCKS IN SLIGHT ADVANCES

New York, Nov. 24.—Develop-
ments dealing with the financial
markets over the week-end and
those reported in the course of to-
day's slow but confident advance
of prices were almost wholly fa-
vorable.

Call loans opened at 7 per cent,
the month's lowest initial rate
and held at that quotation thru-
out, large sums being available.
Time money was at 7-12 per cent.
For the first time in many weeks,
transactions for the full day fell
considerably short of one million
shares. At no time, however, was
there any sign of recurrence of
the previous fortnight's liquida-
tion.

General Motors, Pierce-Arrow,
Crucible Steel and high grade oils
and shippings were conspicuous
at extreme advances of 3 to 8
points.

Sugars, textiles, leathers and
tobaccos owed much of their
strength to excellent trade condi-
tions and several of the less
prominent specialties, notably
Worthington Pump, which rose
12 points, responded to indica-
tions of early financial benefits.

Rails and coppers were the on-
ly laggards, the latter being de-
pressed on intimations of another
drop in the price of the refined
metal, due to the absence of do-
mestic and foreign demand. Sales
amounted to 850,000 shares.

Weakness of liberty issues and
local tractions featured the active
but irregular bond market. Total
sales (par value) aggregated
\$16,500,000.

Where Can I Find Relief from Itching, Terrifying Eczema?

This Question is Ever on the Lips of the Afflicted

Eczema, tetter, erysipelas, and other terrifying conditions of the skin, are deep-seated blood diseases, and applications of salves, lotions and washes can only afford temporary relief, without reaching the real seat of the trouble. But just because local treatment has done you no good, there is no reason to despair. You simply have not sought the proper treatment, that is within your reach. You have the experience of others who have suffered as you have to guide you to a prompt riddance of blood and skin diseases. No matter how terrifying the irritation, no matter how unbearable the itching and burning of the skin, S. S. S. will promptly reach the seat of the trouble and forever root from the blood every trace of the disease, just as it has for others who have suffered as you have. This grand blood remedy has been used for more than fifty years, and you have only to give it a fair trial to be restored to perfect health.

Our chief medical adviser is an authority on blood and skin disorders, and he will take pleasure in giving you such advice as your individual case may need, absolutely without cost. Write today describing your case to Medical Department, Swift Specific Laboratory, Atlanta, Ga.

TONSILINE

Really Does Relieve SORE THROAT

TONSILINE We think this name is happy one. It almost tells its own story. You at once think of the tonsils. They are the most sensitive part of the throat. Throat troubles generally start with the tonsils, hence the name of our throat remedy—TONSILINE.

THE THROAT It is the gateway to the body. The air we breathe, the food we eat, and the water we drink, all pass through it. If this passageway is poisoned or diseased or infected with germs, the entire body soon absorbs the contagion. The slightest ailment of the throat is a danger signal. Think of it and you will realize that this is the commonest kind of common sense.

SORE THROAT Too many people imagine that a Sore Throat is only a simple little ailment. They think that it is something that comes today and is gone tomorrow. They neglect it. They put it off, thinking every day that it will be better tomorrow. Many a sad mistake has been made in this way. A Sore Throat is never a little ailment.

If every mother could realize the real danger that lurks behind every case of Sore Throat, she wouldn't rest until she had effected a cure every time a child has it. Your family physician will tell you it is a positive fact that every child with Sore Throat is in real danger of contracting Croup, Quinsy, Tonsillitis or Diphtheria and is not removed from that danger until the throat is cured. Sore Throat is a specific and well defined disease. It is the most common throat disease. That is why Tonsiline is specially prepared as a Sore Throat Remedy. That is why nearly all our talks are about Sore Throat and the fact that Tonsiline relieves it.

ALL THE WAY DOWN

TONSILINE WOULD QUICKLY RELIEVE IT.

EVEN IF YOU HAD A NECK AS LONG AS THIS FELLOW AND HIS SORE THROAT

ALL THE WAY DOWN

A Letter From the Superintendent of the Chicago Industrial Home For Children.
Dear Sir—Just of late I have had occasion to use Tonsiline in my family for my wife, my daughter and myself. We have had severe colds and very sore throats. We found, by using your remedy Tonsiline, almost instant relief, and by taking a few doses, a permanent relief. We are all highly pleased with the remedy.

TEXAS VISITORS RETURN TO HOME

Mr. and Mrs. George Wooff Return to McAllen After Visit at Concord—Other News Notes from Concord and Vicinity.

Concord, Nov. 24.—Mr. and Mrs. George Wooff of McAllen, Texas, returned home last Thursday after visiting relatives here since Sept. 1st. Mr. and Mrs. Wooff have many friends here who hoped for a visit before their return.

Alma Deterding is home again after an absence of a number of weeks. She was operated on at St. Joseph's Hospital in Keokuk, Iowa, some weeks ago and while she is doing quite well she has not fully recovered her strength yet. Her many friends will rejoice to see her out once more, especially at Sunday school and church, in which she has always been a faithful and very efficient worker.

Mrs. Henderson of 460 South East street, Jacksonville, visited her daughter, Mrs. Hubert Wester, from Thursday until Saturday.

E. Houston and family of the region of Joy Prairie station were Sunday visitors at Mr. and Mrs. G. W. Rentschler's. Mr. Rentschler was just 82 years of age.

The Journal correspondent received a letter recently from Lucette Brockhouse, who is returning in Denver, Colo. He reports 9 inches of snow out there.

Considerable new corn is being delivered here at about \$1.20 a bushel, but some brought \$1.33.

Born to Mr. and Mrs. Joseph DeGrote Sunday morning, a fine boy.

Mrs. McGinnis here in the village is very ill with a complication of diseases. Not much hope is entertained for her recovery.

It is understood that a wedding is to take place on Thanksgiving Day near here. We are hungry for cake.

A few cars of coal would look awfully good to Concord people.

W. R. Zahn was fortunate last week in having some rapid huskers. Hubert Wester cribbed 435 bushels in four days and Henry Miller was a good second with about 400 bushels. Time was when such work would have been branded as a rank impossibility. One man in the precinct says he can husk 200 bushels in a day.

An airplane passed over our farm Sunday afternoon and the noise of the motor scared the horses which were in the pasture. The "big bird" came from the northwest and seemed to be going to Jacksonville.

Our neighbors are busy fall plowing. Irwin Aufdenkamp is plowing up clover sod with a Heider tractor, while Alfred Brockhouse has two Fordsons busy. Others are plowing the old fashioned way.

Considerable tiling is being done hereabouts this fall.

The address at the M. E. church last Thursday night was highly spoken of by those present.

Mrs. Shillinger of White Hall was a Concord visitor Monday.

DAVIS SWITCH

Mrs. Essie Devore Stine and baby are visiting Mrs. Stine's uncle, J. H. Devore and family near Woodson. Mrs. Stine's home is in Kansas.

The Missionary Society realized a nice sum at the dinner given on Nov. 20 at Miss Margaret Reynolds' in Woodson.

Mr. and Mrs. Leach were Sunday guests of Mr. and Mrs. Charles Burrows in the city. While there they attended services at Brooklyn church and heard a fine sermon by the Rev. Randle, pastor of that church.

Mr. and Mrs. Sam Butler attended the farewell party given for Mr. and Mrs. John Virgin in stead of Mr. and Mrs. John Butler as was given in the paper.

News is that Mr. John Hoagland is some better at this writing but still very weak.

John, the little son of Mr. and Mrs. McManus, had the misfortune to step in a rut in the Rount school yard while playing and broke one bone in his leg. The little fellow is getting along as well as can be expected.

Miss Catherine Cain is entertaining some of her young friends from Belleville at her home south of the city.

Mrs. P. J. Wouff was calling on Mrs. Cosgriff and Mrs. Leach last Friday.

Mr. and Mrs. A. C. Read were visiting south of the city Sunday afternoon.

ASSAULT CASE IN OPERMAN'S COURT

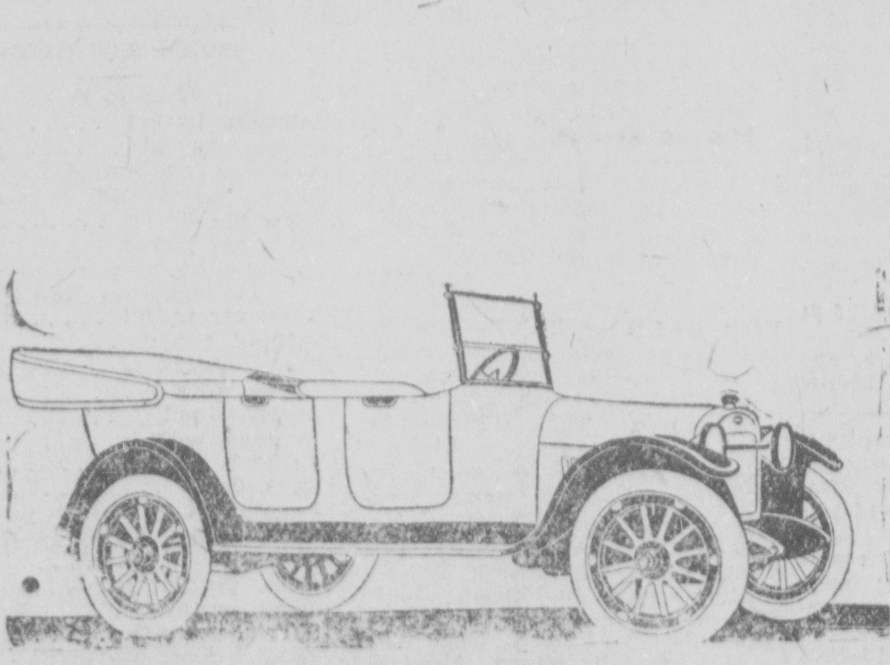

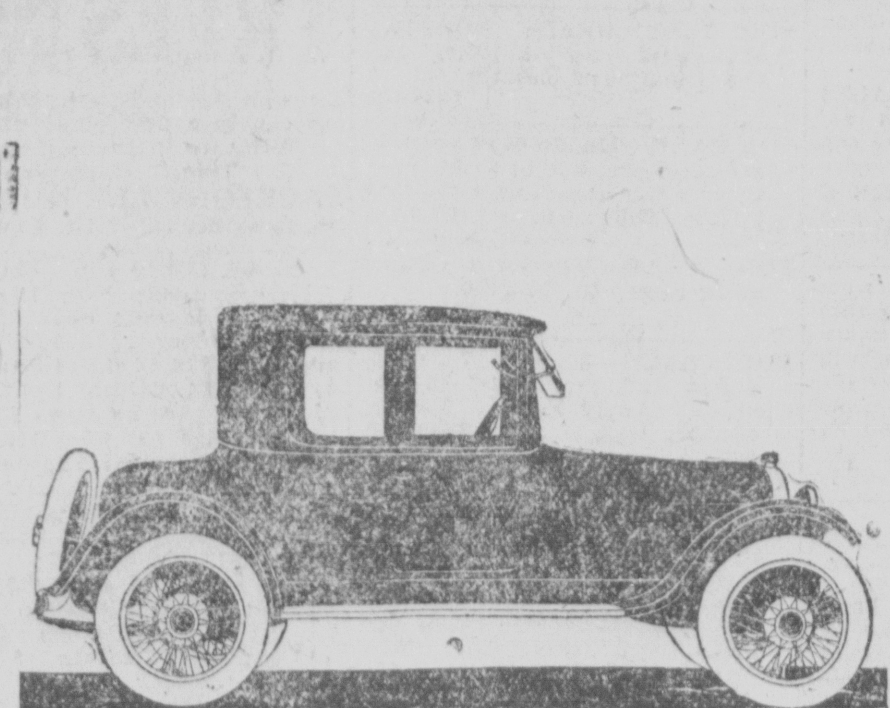

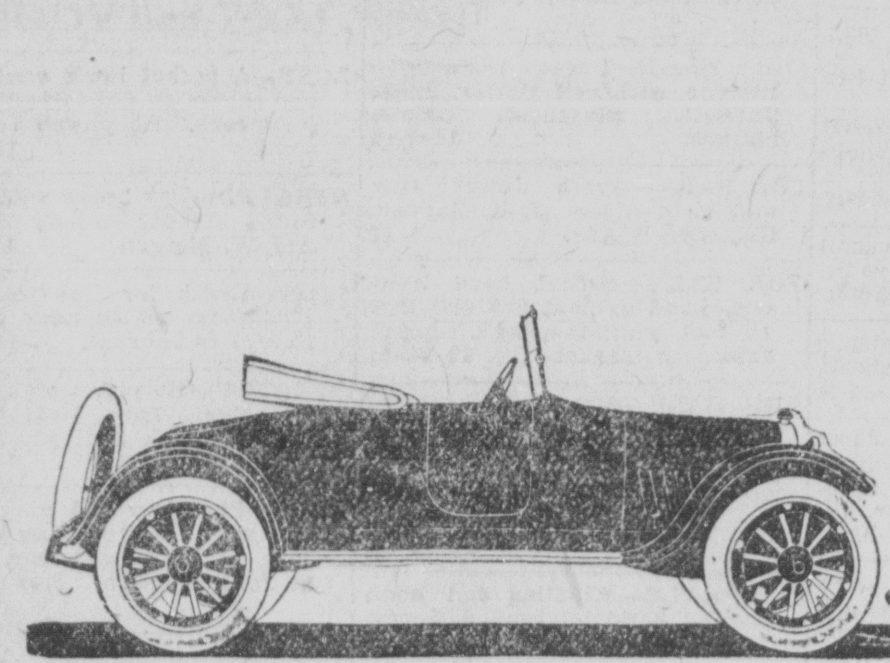

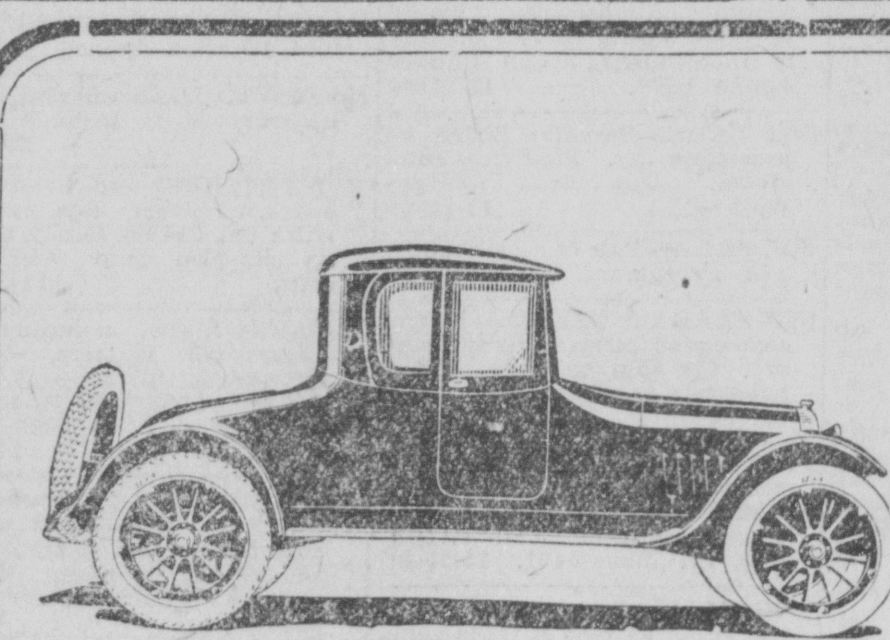

The case of the people against Jacob and Rose Ham charged with assault and battery and theft was heard before Justice Operman Monday.

The case was first called before Justice Dyer and change of venue taken to Justice Operman's court.

The complaining witness was James Lyon. All of the parties reside in Waverly.

State's Attorney Robinson represented the people and Judge W. E. Thomson the defendants. After the evidence had been presented the state's attorney dismissed both suits.

W. W. Schultz of Bloomington journeyed to the city yesterday.

CONCORD

The supper and sale conducted by the ladies of the M. P. church on Saturday evening, the 15th, was a decided success, both financially and socially. In the apron contest the prize was given to Mrs. Fred Ginder. The judges, Mesdames Wegemoff, Leeper and Howard Rentschler decided that she had the most practical kitchen apron in the bazaar. Both the bazaar and the market were generously patronized.

The sale, which was under the auspices of Mr. James Gaddis, was quite popular. Numerous articles from honey to stove wood were readily disposed of and this contest of the affair was also a financial success.

The ladies of the M. P. church will serve lunch at the sale of Mr. Ed Pratt on Tuesday, the 25th.

WOMEN WHO SUFFER FROM BACKACHE AND DIZZY SPELLS

Cairo, Ill.:—"For the past ten years I have depended a great deal upon Favorite Prescription whenever I have been run-down, weak or nervous and especially when going through middle life it is simply wonderful the relief 'Favorite Prescription' gave me from backaches and dizzy spells. I certainly take great pleasure in recommending Dr. Pierce's Favorite Prescription to all women going through this trying period of life."

Mrs. J. H. HAYDEN, 517 Tenth St.

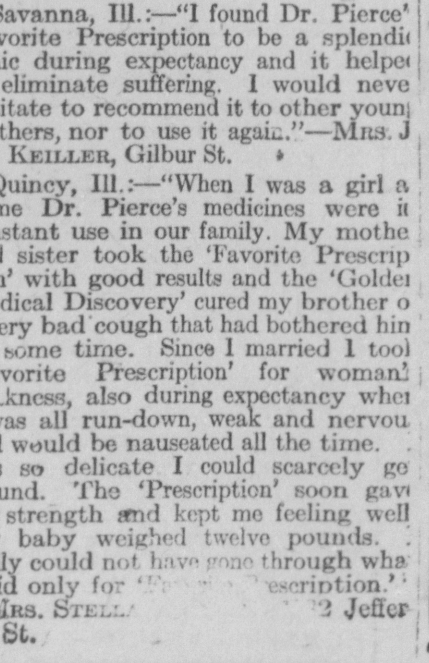

Young Mothers

Savanna, Ill.:—"I found Dr. Pierce's Favorite Prescription to be a splendid tonic during expectancy and it helped to eliminate suffering. I would never hesitate to recommend it to other young mothers, nor to use it again."

Mrs. J. V. KEILLER, Gilbur St.

Quincy, Ill.:—"When I was a girl a home Dr. Pierce's medicines were a constant use in our family. My mother and sister took the 'Favorite Prescription' with good results and the 'Golden Medical Discovery' cured my brother's very bad cough that had bothered him or some time. Since I married I too 'Favorite Prescription' for woman's weakness, also during expectancy when I was all run-down, weak and nervous and would be nauseated all the time. I was so delicate I could scarcely go around. The 'Prescription' soon gave me strength and kept me feeling well. My baby weighed twelve pounds. I really could not have gone through what I did only for 'Favorite Prescription'."

Mrs. STEEL, 286 1/2 Jefferson St.
